

Public Meeting Notes

High Point Community Center Addition: Community Meeting on Program March 2, 2002, 11 a.m. to 2 p.m., at High Point Community Center

PRESENTERS: Mel Streeter, Sam Cameron, and Renzo Nakata, Streeter & Associates, Architects; Mike Brady/Parks Community Center Coordinator and Mark Johnson/Parks Project Manager

The Agenda:

Introductions

Project Goals: A full-service community center providing full services to the community

Project Parameters: budget, schedule, and public involvement

Comments:

- We need multipurpose rooms: one that is carpeted for childcare, and one with a hard floor. None of the rooms should be completely dedicated to one use. Some groups find it hard to use a space that seems intended for another use.
- Childcare is a big need. Have 28 kids now, would like to accommodate 40 to 50 total (the need is there), but must meet DSHS standards for space, toilets, and supervision.
- Seating is needed in the gym. We would like to expand the area along the sidelines in the gym to accommodate bleachers. The scheme that has the addition over a parking garage on the north side could allow that.

Meeting Adjourned: 2 p.m.
